

16th World Congress of IPITA - 2017
 Program at a Glance
 June 20-23, 2017

Tuesday, June 20, 2017		Wednesday, June 21, 2017				Thursday, June 22, 2017				Friday, June 23, 2017				Saturday, June 24, 2017		
		Sunrise Run (organised by the YI Committee but everyone welcome) 06:45 start				Sunrise Run (organised by the YI Committee but everyone welcome) 06:45 start				Delegate Soccer Match Kickoff 06:45 (until 07:30)		Sunrise Run (organised by the YI Committee but everyone welcome) 06:45 start				
Pre-Congress Symposium 1 The Challenges of Ischaemia and Hypoxia in Whole Pancreas and Isolated Islet Transplantation St. Anne's College 10:00-17:15		Opening Joint Plenary Session Global Update on Outcomes of Beta-cell Replacement 08:30-10:00 L1				Parallel Plenary Session 3 Pancreas Transplantation - How I do it 8:30-10:00 L1		Parallel Plenary Session 4 Islet and Beta-Cell Biology 8:30-10:00 L2		Parallel Oral Session 17 Pancreas Transplantation - Outcomes & Complications 3 8:30-9:30 L1	Parallel Oral Session 18 Pancreas Donation, Procurement & Preservation 2 8:30-9:30 L2	Parallel Oral Session 19 Pancreas & Islet Graft Monitoring 2 8:30-9:30 L3	Parallel Oral Session 20 Immunobiology & Immunosuppression 2 8:30-9:30 L4	Young Investigator - DRWF Public Engagement Event		
		Richard Lillehel Lecture 10:05-10:30 L1				IPITA Presidential Lecture 10:05-10:30 L1				Paul Lacy Memorial Lecture 09:35-10:00 L1				Oxford Centre for Diabetes, Endocrinology & Metabolism, Churchill Hospital		
		Coffee Break/Exhibits/Poster Viewing 10:30-11:00				Derek Gray Travelling Fellowship & IPITA/TTS Travel Awards 10:30-10:45 L1				Coffee Break/Exhibits/Poster Viewing 10:00-10:30				10:00 - 14:00		
		Parallel Oral Session 1 Pancreas Transplantation - Outcomes & Complications 1 11:00-12:30 L1	Parallel Oral Session 2 Clinical Islet Allo-transplantation 1 11:00-12:30 L2	Parallel Oral Session 3 Alternative Islet Sources 11:00-12:30 L3	Parallel Oral Session 4 Islet Biology 11:00-12:30 L4	Coffee Break/Exhibits/Poster Viewing 10:45-11:15				Parallel Plenary Session 7 Monitoring Graft Function following Beta-cell Replacement and Defining Success 10:30-12:00 L1		Parallel Plenary Session 8 Bioartificial Scaffolds and Cellular Encapsulation as Bioengineering Strategies for Islet/Beta-Cell Replacement 10:30-12:00 L2			By invitation only	
		Lunch Break/Exhibits/Poster Viewing 12:30-13:30		AHP Q&A Session 12:45-13:30 L6		Parallel Oral Session 9 Experimental Islet Transplantation 11:15-12:45 L1		Parallel Oral Session 10 Pancreas Donation, Procurement & Preservation 1 11:15-12:45 L2	Parallel Oral Session 11 Clinical Islet Auto-transplantation 11:15-12:45 L3	Parallel Oral Session 12 Islet Encapsulation & Bioengineered Scaffolds 11:15-12:45 L4	The Sky's the Limit - A 'Dragons Den' for 'Out of the Box Thinking' 12:05-13:00 L1				Organised by Sarah Cross & the YI Committee	
		Young Investigator Oral Prize Session 13:30-14:40 L1				Lunch Break/Exhibits/Poster Viewing 12:45-13:45		IPITA Business Meeting 13:00-13:45 L3		Lunch Break/Exhibits/Poster Viewing 13:00-14:00		Serva/Roche Lunch Symposium Collagenase 13:00-14:00 L4	Otsuka Lunch Symposium First Update of IXA Consensus Statement 13:00-14:00 L5			
		Parallel Oral Session 5 Pancreas Transplantation - Surgical Aspects 14:45-16:00 L1	Parallel Oral Session 6 Islet Isolation, Culture & Preconditioning 1 14:45-16:00 L2	Parallel Oral Session 7 Pancreas & Islet Graft Monitoring 1 14:45-16:00 L3	Parallel Oral Session 8 Immunobiology & Immunosuppression 1 14:45-16:00 L4	Parallel Plenary Session 5 Hypoglycaemia and Recent Advances in Diabetes Technologies 13:45-15:15 L1		Parallel Plenary Session 6 Novel Technologies with Potential Applications for Beta-Cell Replacement 13:45-15:15 L2		Parallel Plenary Session 9 Stem Cell-Derived Islets for Transplantation 14:00-15:30 L1		Parallel Plenary Session 10 Xeno-Islets for Transplantation 14:00-15:30 L2				
		Coffee Break/Exhibits/Poster Viewing 16:00-16:30				Parallel Oral Session 13 Pancreas Transplantation - Outcomes & Complications 2 15:45-17:00 L1	Parallel Oral Session 14 Islet Isolation, Culture & Preconditioning 2 15:45-17:00 L2	Parallel Oral Session 15 Clinical Islet Auto-transplantation 2 15:45-17:00 L3	Parallel Oral Session 16 Islet Engraftment & Extra-hepatic Islet Implantation Sites 15:45-17:00 L4	Closing Joint Plenary Session Where will Beta-Cell Replacement be in 10 Years Time? 15:35-17:15 L1						
		Grand Masters: Lessons Learned 17:05-18:00 L1				Grand Masters: Lessons Learned 17:05-18:00 L1				Closing Joint Plenary Session Where will Beta-Cell Replacement be in 10 Years Time? 15:35-17:15 L1						
		Symposium Drinks Mathematical Institute 17:30-19:00						Free Evening for Delegates								
		Congress Welcome Reception Oxford University Museum of Natural History 19:00-21:00				Young Investigator Networking Event 19:00-22:00				Drinks Reception & Congress Dinner Balliol College 19:15-23:00						
						AHP Dinner 19:00-22:00
