

16th World Congress of IPITA - 2017  
Program at a Glance  
June 20-23, 2017

Tuesday, June 20, 2017		Wednesday, June 21, 2017				Thursday, June 22, 2017				Friday, June 23, 2017				Saturday, June 23, 2017
		Morning Discussion Run (being organised by YI Committee but everyone welcome) 06:45 start				Morning Discussion Run (being organised by YI Committee but everyone welcome) 06:45 start				Delegate Soccer Match Kickoff 06:45 (until 07:30)		Morning Discussion Run (being organised by YI Committee but everyone welcome) 06:45 start		
Pre-Congress Symposium 1 The Challenges of Ischaemia and Hypoxia in Whole Pancreas and Isolated Islet Transplantation St. Anne's College 10:00-17:00		Opening Joint Plenary Session <i>Global Update on Outcomes of Beta-cell Replacement</i> 08:30-10:00				Parallel Plenary Session 3 <i>Pancreas Transplantation - How I do it</i> 8:30-10:00		Parallel Plenary Session 4 <i>Islet and Beta-Cell Biology</i> 8:30-10:00		Parallel Oral Session 17 <i>Pancreas Transplantation - Outcomes &amp; Complications 3</i> 8:30-9:30	Parallel Oral Session 18 <i>Pancreas Donation, Procurement &amp; Preservation 2</i> 8:30-9:30	Parallel Oral Session 19 <i>Pancreas &amp; Islet Graft Monitoring 2</i> 8:30-9:30	Parallel Oral Session 20 <i>Immunobiology &amp; Immunosuppression 2</i> 8:30-9:30	Young Investigator - DRWF Public Engagement Event
		Richard Lillehei Lecture 10:05-10:30				IPITA Presidential Lecture 10:05-10:30				Paul Lacy Memorial Lecture 9:35-10:00				Oxford Centre for Diabetes, Endocrinology & Metabolism, Churchill Hospital
		Coffee Break/Exhibits/Poster Viewing 10:30-11:00				Derek Gray Travelling Fellowship & IPITA/TTS Travel Awards 10:30-10:45				Coffee Break/Exhibits/Poster Viewing 10:00-10:30				10:00 - 14:00
		Parallel Oral Session 1 <i>Pancreas Transplantation - Outcomes &amp; Complications 1</i> 11:00-12:30	Parallel Oral Session 2 <i>Clinical Islet Allo-transplantation 1</i> 11:00-12:30	Parallel Oral Session 3 <i>Alternative Islet Sources</i> 11:00-12:30	Parallel Oral Session 4 <i>Islet Biology</i> 11:00-12:30	Coffee Break/Exhibits/Poster Viewing 10:45-11:15				Parallel Plenary Session 7 <i>Monitoring Graft Function following Beta-cell Replacement and Defining Success</i> 10:30-12:00		Parallel Plenary Session 8 <i>Bioartificial Scaffolds and Cellular Encapsulation as Bioengineering Strategies for Islet/Beta-Cell Replacement</i> 10:30-12:00		By invitation only
		Lunch Break/Exhibits/Poster Viewing 12:30-13:30		AHP Q&A Session 12:45-13:30		Parallel Oral Session 9 <i>Experimental Islet Transplantation</i> 11:15-12:45	Parallel Oral Session 10 <i>Pancreas Donation, Procurement &amp; Preservation 1</i> 11:15-12:45	Parallel Oral Session 11 <i>Clinical Islet Auto-transplantation</i> 11:15-12:45	Parallel Oral Session 12 <i>Islet Encapsulation &amp; Bioengineered Scaffolds</i> 11:15-12:45	"The Sky's the Limit" - A "Dragons Den" for "Out of the Box Thinking" 12:00-13:00				Organised by Sarah Cross & the Young Investigator Committee
		Young Investigator Oral Prize Session 13:30-14:40				Lunch Break/Exhibits/Poster Viewing 12:45 -13:45		IPITA Business Meeting 13:00-13:45		Lunch Break/Exhibits/Poster Viewing 12:45 -13:45	Serva/Roche Lunch Symposium <i>Collagenase</i> 13:00-14:00	Otsuka Lunch Symposium <i>First Update of IXA Consensus Statement</i> 13:00-14:00		
		Parallel Oral Session 5 <i>Pancreas Transplantation - Surgical Aspects</i> 14:45-16:00	Parallel Oral Session 6 <i>Islet Isolation, Culture &amp; Reconditioning 1</i> 14:45-16:00	Parallel Oral Session 7 <i>Pancreas &amp; Islet Graft Monitoring 1</i> 14:45-16:00	Parallel Oral Session 8 <i>Immunobiology &amp; Immunosuppression 1</i> 14:45-16:00	Parallel Plenary Session 5 <i>Hypoglycaemia and Recent Advances in Diabetes Technologies</i> 13:45-15:15		Parallel Plenary Session 6 <i>Novel Technologies with Potential Applications for Beta-Cell Replacement</i> 13:45-15:15		Parallel Plenary Session 9 <i>Stem Cell-Derived Islets for Transplantation</i> 14:00-15:30		Parallel Plenary Session 10 <i>Xeno-Islets for Transplantation</i> 14:00-15:30		
		Coffee Break/Exhibits/Poster Viewing 16:00-16:30				Parallel Oral Session 13 <i>Pancreas Transplantation - Outcomes &amp; Complications 2</i> 15:45-17:00	Parallel Oral Session 14 <i>Islet Isolation, Culture &amp; Reconditioning 2</i> 15:45-17:00	Parallel Oral Session 15 <i>Clinical Islet Allo-transplantation 2</i> 15:45-17:00	Parallel Oral Session 16 <i>Islet Engraftment &amp; Extra-hepatic Islet Implantation Sites</i> 15:45-17:00	Closing Joint Plenary Session <i>Where will Beta-Cell Replacement be in 10 Years Time?</i> 15:35-17:15				
		Parallel Plenary Session 1 <i>Immunosuppression and Immunomodulation in Beta-Cell Replacement</i> 16:30-18:00				Parallel Plenary Session 2 <i>Islet Auto-transplantation as a Therapy for Surgical Diabetes</i> 16:30-18:00				Grand Masters: Lessons Learned 17:05-18:00				
		Symposium Drinks Mathematical Institute 17:30-19:00						Free Evening for Delegates						
		Congress Welcome Reception Oxford University Museum of Natural History 19:00-21:00				Young Investigator Networking Event 19:00-22:00				Drinks Reception & Congress Dinner Balliol College 19:00-23:00				
						AHP Dinner 19:00-22:00
